Alan will arrange Kevin Finn from ODA to make a presentation on Ag Plans in the next couple of weeks. *(Done)*.

Koto, DEQ, is compiling all plan reviews and comments and will provide her evaluations to us by the end of the month. Alan is arranging Koto to join us to discuss her evaluations sometime in April.

Rob will revise his paper to address concerns and suggestions made during the call including adding more scientific detail.

Jayne will follow up with Christine on how to arrange an information sharing meeting with management and staff sometime in May (and the status of her following up with Katie Koba and Richard Whitman on encouraging the state

agencies to work with us at the technical staff level).

Marty will compile and highlight key comments pertaining to Ag MMs. *[Done. Attached is a zip file containing the letters with relevant ag comments. Some are of higher importance (more relevant, more information, better citations, etc.) such as #52 (NWEA), #55 (Oregon Nurseries), #70 (Rogue Riverkeeper), and #73 (Oregon Farm Bureau). I did not highlight NWEA's letter because I would have ended up highlighting almost everything. Instead, I included an outline/summary of key points of NWEA's letter in the zipfile. In addition, I included another letter that NWEA cited, the Declaration of Jonathan Rhodes.]*

Cheers,

Jayne
